CA 155 WEBSITE ASSIGNMENT: STATEMENT OF ATTRIBUTION AND FAIR USE

In creating my website, I was guided by the lectures of Eric Hoyt, Assistant Professor of Media & Cultural Studies in the Department of Communication Arts at the University of Wisconsin-Madison. This website was submitted as an assignment for Dr. Hoyt's class, Communication Arts 155: Introduction to Digital Production, in the Fall 2013 semester.

While I used open source fonts created by the following designers for my logo and projects page menu: [High Tide](#) and [Parley](#) by Filipe Rolim, [Clementine Sketch](#) by Teagan White, [Accent](#) by Nelson Balaban, and [Tetra](#) by Alexey Frolov. The use of these images on my website falls under Fair Use because I have followed what rules if any the authors have indicated for their use, I used the fonts minimally. Please see bibliography below for more information.
